

Ringshall report

I visited Mr and Mrs Toomey of Bakers Corner to discuss their concerns regarding speeding traffic coming round the corner beside their property, which impacts on them safely exiting their home.

I have sent an email to Highways suggesting possible improvements and shall follow up when I return from holiday. I am due to meet my new community liaison engineer to discuss all my Highways queries so hopefully will be able to see what can be done.

I took photographs of the signs at Carters Lane and Ware Road, which I forwarded to Highways and requested an estimate of costs to replace the signs.

I met with your Chairman and Dan Luther to discuss Lower Farm Road. There are two separate issues here, which will be reported at the Parish Council meeting. I shall take forward the recommendations from the Parish Council to Highways.
